CABLE NEWS

BERNE.—Contrary to Austrian reports received yesterday it is now positively known that revolution has broken out in Vienna. The revolutionists are attempting to say that all government power is dual monarchy, and have organized a provisional government.

LONDON.—Dispatches received here from several sources leave no doubt that Vienna is in a state of revolution.

PETROGRAD.—Wireless messages received by the Bolsheviks today announced a revolution in Vienna. It is declared that the revolutionists have named a provisional cabinet minister of foreign affairs.

STOCKHOLM.—The Bolsheviks are greatly encouraged over the agitations which have developed in the Austrian empire, and the prediction is openly made that "The next Bolshevik regime will be established in a neutral monarchy."

GENEVA.—News received here this afternoon to the effect that mutiny has broken out in the Vienna garrison, the soldiers refusing to fire on mobs that were destroying property.

NEW YORK.—The American vessel recently reported as one of three sunk in the Mediterranean was the Owaseo. Two perished.

PETROGRAD.—Twenty social revolutionary members of the constituent assembly have been arrested.

LONDON.—Eight vessels sunk by submarines during the week ending Wednesday.

CHICAGO.—John Soursel of Youngstown, Ohio was arrested here as one of the dynamite plotters for whom the 16 year old girl recently taken into custody here was supposed to be acting.

WASHINGTON.—The Republicans in conference voted in favor of the creation of munitions bureau with a director appointed by the President.

MITCHELL, S. D.—The Socialist state convention presided over by W. C. Rempfer, the people's council leader was broken up by the police on orders from the mayor. Rempfer was driven out of the city.

R. G. Wayland, superintendent of the Treadwell Mining company, arrived from Shakan Sunday on the Tillicum. The Treadwell company recently acquired an important molybdenite property at Shakan from W. H. Butts. Mr. Wayland states that ten men are now employed driving a working tunnel. It is not known on just what scale the mine will be worked, but probably a 10 to 20 stamp mill will be set up. The demand for molybdenite has doubled each year since the European war began. The supply at present is hardly equal to the demand. Mr. Wayland will return to Treadwell on the Jefferson.

A LECTURE ON EUROPEAN WAR

Brigadier McLean of Vancouver, B. C. will arrive on the S. S. Princess Sophia Tuesday morning and will be the guest of Adj. and Mrs. Habkirk. During his visit he will conduct an Evangelistic service in the Salvation army hall at 8 o'clock. On Wednesday he will give a lecture on the European War. The Salvation Army has thousands of members at the front, many of whom have received special recognition for their bravery. The Red Cross work of the Army will be explained by the Brigadier which will be of interest to all citizens of Wrangell.

Degree Team Organized

The Redmen's lodge recently organized a degree team with W. H. Warren as captain. The team has been rehearsing during the past two weeks getting in readiness to confer the various degrees with histrionic effect. The ceremonial work of the Redmen is very beautiful when properly exemplified. Tuesday evening the team took charge of two candidates and conferred the first degree in a most creditable manner. There are at least three other candidates awaiting initiation.

The following Redmen comprise the degree team: Captain—W. H. Warren. Sachem—C. M. Coulter. Prophet—Chas. Benjamin. Senior Sagamore—Wm. E. Lloyd. Junior Sagamore—Ole Johnson. First Sannip—F. E. Gingrass. Second Sannip—John E. Worden. Warriors—Wm. Lewis, Oscar Wickstrom, L. A. Olsen, E. A. Lindman, George Card. J. R. Bender. Braves—Wm. M. Taylor, Dave Lewis, Chas. Nickett. Pat Loftus.

W. J. Neill last week arranged with E. J. Williams of Ketchikan to have Mr. Williams take the West Coast run for the next three months. Mr. Williams will use the Teddy for the run. He arrived here with the boat Friday afternoon and went out with the Teddy early next morning. The late lamented Uncle Dan has been di-mantled. After 10 years of strenuous service her career on the water is over but the end of her usefulness is not yet. She is now the property of Roy Cole and will be used as a bunkhouse at his cannery at Deweyville.

Fresbyterian Church.

January 27, at 7:30 p.m.
Subject: God's Farm. The Sower, the Seed and the Soil. Product, Your Crop.
The Seed is the Word of God. The devil watches the sowing, takes away the seed, hinders its growth, chokes it by crowding it out into a corner, if he is permitted in the field. Bring no fruit to perfection. Luke 8: 4-15.
You are invited to be present. Your influence is needed.

Carl Stoeckel departed on the Princess Sophia Thursday evening for a two months' sojourn in Chicago.

J. J. McTague returned on the City of Seattle Monday morning from Juneau where he had been for several weeks.

A. H. Rohling of the U. S. Signal corps was indisposed the first of the week.

Found—A pair of glasses on the St. Michael Trading Co. dock. Inquire at the Sentinel.

NEW POWER SEIN BOAT

Darwell & Grant's new power sein boat, the Marguerite, arrived from Seattle last night with the following persons on board: Victor Youngmareker, master; Chas. Darwell, Charles Moore, Jimmie Green, Roy Churchill, Wm. Taylor Jr. The voyage was made from Seattle in 91 hours running time. The principal cargo was a complete webbing outfit for one trap. The boat is 65 feet long, 16 foot beam, 6 feet deep, equipped with a 50 h.p. Standard engine. It was built by Barbare Bros. of Tacoma, and is elegantly furnished and fitted up. It has electric light and every convenience that could be expected in a boat of its class. It is adapted to general fishing purposes, and will be used chiefly as a tender to the pile driver and fish traps owned by Darwell & Grant.

Two weeks ago when we told of being raked over the coals by a man who had a rough because we were not distributing our patronage to suit him we had no intention of arousing curiosity. We did not publish his name and we were reasonably sure that no one would know to whom we had reference, owing to the fact that while a country printing office does not buy very much of any one commodity it uses a little of a great many things that seemingly have no connection with printing. Maple, lampblack, glue, rags, zinc, molasses and a score of other articles which seem to have no connection with each other are used in the production of printing. Curiosity is usually attributed to the female sex, but in Wrangell the dear ladies certainly have no monopoly in this matter. Not one woman has interrogated us on the subject but more than 20 men have wanted to know if it was not this or that person. We have been astonished at how cock sure some of our friends have been as to the identity of this ardent reciprocity advocate. But they will realize that their gum shoe work has not quite placed them in the Sherlock Holmes class when we state that our grilling did not come a carpenter, machinist, barber, plumber or taxidermist. The only person who has told us whom we meant was a school boy, and of course we didn't admit to him that he was right. (Now please do not ask us whose room the boy is in.) Our only excuse for our write-up of the trivial occurrence two weeks ago is that there is enough of human nature in us that we do not like to be told face to face of the terrible faults that others see in us. And we merely wanted to give notice that if by any chance there is any other would-be keen financier who is keeping tab on where we spend our nickels, and lying awake at night because he is not getting his share, we would rather he would withdraw his patronage than to come to us with his tale of woe. When some things happen we are utterly unable to rise to the occasion. We once tried to pacify a baby and of course the longer we talked to it the harder the poor little thing cried.

Mrs. George La Bounty and little son, Cleve, have gone to Juneau to visit Mr. La Bounty's mother.—Skagway Alaskan.

WRANGELL GETS SECOND HIGHEST PERCENTAGE IN RED CROSS MEMBERSHIP

Seattle, Washington,
January 12, 1918.

Mr. J. G. Grant, Campaign Manager,
Red Cross Christmas Membership Drive,
Wrangell, Alaska.

Dear Sir:

Thinking you might be interested in the results of the Red Cross Christmas Membership Drive, I enclose copy of my report to the Division officers.

You will appreciate that it has been necessary for both the local managers and myself to estimate in many cases the net results. This has also applied to the question of population. We think when final returns are received the statement will be approximately correct.

I desire to express to you my sincere thanks for your loyal and generous support and trust that I may have the pleasure of meeting you personally in the near future.

Yours truly,

T. A. DAVIES,
Campaign Manager for Alaska.

Cable From Gov. Strong

Juneau, Jan. 24, 1918.

Publi4her Sentinel,
Wrangell, Alaska

At the suggestion of the Council of National Defense public hearings upon petitions for suspension of eight hour law as affecting lumber and logging industries, steamship and railway transportation, and operation of mines in Territory will be held at office of the Governor at Juneau, beginning at eleven o'clock Tuesday, Feb. 5th next. Persons or companies desiring to be heard either for or against petitions should be present or arrange for authorized representatives to appear.
3:12 p.m.

STRONG, Governor.

CABLE NEWS

TUESDAY, JAN. 22.

BERNE.—With strikes spreading throughout Austria-Hungary and the people wildly demanding peace, Emperor Charles has taken alarm and summoned the crown council at Schenbrunn castle. Travelers arriving from frontier estimate that a million workers have joined the general strike. Count Torggenburg who has been commissioned for the new cabinet is promising the working classes every likelihood that peace negotiations with Russia will take a satisfactory course when they are resumed at Brest Litovsk.

MONTREAL.—Food Controller Hanna in a speech said the civil population of France has only three days' reserve supply of food and is absolutely dependent upon depleted British shipping which cannot bring supplies for Italy from Argentina. Also supplies which are brought waiting shipment to Italy has to be supplied in the meantime by France.

WASHINGTON.—The commander of the American gunboat Monocacy, which was fired on by Chinese rebels, reported today that he returned the fire and silenced it. The attack was made Sunday on the Yangste.

WASHINGTON.—Imperative demand for a disavowal of the shelling of the American gunboat Monocacy and prompt punishment for those responsible has been made by the American minister to China on the Chinese government. This is in addition to the indemnity that will be requested.

WASHINGTON.—Roosevelt arrived last night, and will spend several weeks here as the guest of his daughter.

MORE FOOD REGULATIONS

Wrangell Merchants Pledge Themselves to Conform to the Rules of the Food Administration.

F. E. Bronson, who was recently appointed food administrator for Wrangell, a few days ago received from the Federal Food Administrator the following regulations to become effective forthwith, relative to sales of white flour and white sugar throughout the Territory:

White sugar to be sold to consumers in cities and towns and immediate environs in quantities not to exceed five pounds per household per day; to consumers and other dealers outside of the cities and towns and immediate environs in quantities not to exceed 50 pounds without a permit from the Federal Food Administration of Alaska.

Wheat flour not to be sold to consumers or other dealers either in or out of cities or towns in quantities exceeding 49 pounds without first obtaining a permit.

Mr. Bronson received the above regulations by cable and at once drew up an agreement in which those subscribing thereto pledged themselves to an observance of the foregoing regulations until further notice. Mr. Bronson reports that every merchant in town signed the agreement without the least hesitation.

**PATRIOTIC PROGRAM
OF A GEORGIA EDITOR**

A weak-kneed sissy asked the editor of this paper if he was not afraid that his caustic reference to slackers and pro-Germans would cost us the patronage of some folks. If it does we want to pay that cost as quickly as we can. If there is a man that takes this paper that don't like the fact that it is straining every nerve to uphold the constituted authorities of our native land, the quicker he will withdraw his patronage the better we will like it. All we want him to do is to be manly and say why he did it. One or two simps who haven't the man in them to take open issue with it, have done so, and, like a fool ostrich, have stuck their heads in the sand, thinking none could see their reason. Like all simps, they are so thin that a boob can see through every move they make. When this paper can't live on the patronage of loyal Americans we will sell it for junk and jump in the river and be glad to get out of such a country. We don't want to trade with enemies, be they Janus-faced or otherwise, for a disloyal man can't have an honest dollar. That's us.—Bainbridge (Ga.) Post-Searchlight.

LOANS TO FARMERS.

A total of 1,203 charters has been issued up to date to farm loan associations, covering applications for approximately \$50,000,000 in loans. Additional charters are being issued at the rate of fifteen to twenty a day. The applications for loans average about \$50,000 from each association, so that, by the year's end, the loans under investigation and in the making will probably reach a total of \$120,000,000, which is about equal to the amount appropriated to the farm loan banks as capital. There is no danger of an exhaustion of funds, however, says Philadelphia Record. The banks obtain in amounts equal to the loan granted, so the original capital is turned over again and again. Moreover, the capital is increased constantly by the requirement that every borrower must invest 5 per cent of the money borrowed in the share capital of the loaning bank. If the bonds should find a market, the supply of money to loan would be practically unlimited. Inasmuch as the bonds are guaranteed by the United States and carry interest at 5 per cent, they ought to sell readily. The farmers can get all the credit they need.

The czar made a bad mistake when he consented to have a revolution started as a means of withdrawing from the war—of that is what he did. Starting a revolution is like setting a fire in a house. The trouble may get beyond control. Certainly it did in this case. At the present moment the czar and his family are living in a flat at Tobolsk, but that is not the worst of their miseries. The authorities in the Tobolsk district are issuing food cards and the Romanoffs must obtain their food the same as other citizens. The probability is that the czar with his food card will find it difficult to procure caviare sandwiches three times a day.

So long as its citizens remain constant to the ideal for which the founders and their enlightened successors labored, the United States will endure respected and altogether worthy of respect. If a day should come when the mission and purpose of the United States were subordinated, through hereditary attachment, blood sympathy or intellectual admiration, to the interests of a foreign nation, the progress we have made and the fair possibilities of our future would be destroyed and wrecked.

**OSCAR CASE
THANKS THE
RED CROSS**

Corpus Christi, Texas.
Jan. 1, 1918.

Dear Mrs. Bronson and the people of Wrangell:
It gave me great pleasure to receive a package from you and my friends there. The candy came through in fine shape and was much enjoyed and appreciated by more than one of the "Boys" in A Company.

The "Fighting Fifth" have spent a rather tiresome season of drill here but Christmas was fairly well enjoyed by all. We are very anxious to get into active service.

I wish to thank you and all again for your holiday remembrance.

Kindest regards and best wishes for a Happy New Year.

Sincerely your friend,
OSCAR CASE,
Co. A, 5th Engineers.

**UNITED STATES
FOOD ADMINISTRATION**

NOTICE

We, the undersigned, at request of Federal Food Administrator for Alaska, have agreed to observe in our places of business the following program of serving food to our customers until further notice.

EACH TUESDAY

No meat (beef, mutton or pork.)

EACH WEDNESDAY

No wheat or food made therefrom.

EACH SATURDAY

No pork, including bacon, lard, or ham.

EACH DAY

One meatless meal.

No bread, crackers, butter or sugar on table until meal is served. Two lumps of sugar to each cup of tea or coffee, or equivalent in dry granulated sugar.

We also agree to refrain from baking wheat bread for Wednesdays, and from the use of butter and animal fats in cooking as far as possible.

"Generally speaking," says the Chicago News, "women's fashions are more beautiful and more sensible now than at any other time within living memory." Surely they are more sensible, a fact that gives rise to the fear that a change must come soon.

A proposition is made by a scientific expert to store up summer heat for the winter. If this would entail the withdrawing of a certain proportion of caloric from the atmosphere it would be hailed with delicious joy from the sizzling contingent.

We may feel that it is tough to have cold weather coming on and the supply of coal high and short, but think of Wilhelm facing a long winter and the Canadians closing in on his bin at Lens.

Ten Belgians pleaded guilty in Brooklyn of trying to smuggle for Germany's benefit. When it comes to bribing Belgians, Germany's system must be admitted to be complete.

Our men may not be able to understand their French comrades on the west front, but the Teuton will be able to understand what both mean when the time comes.

It is reported by a writer that Germany puts imbeciles and units at the front. Some of the German outrages were certainly the work of madmen.

CABLE NEWS

MONDAY, JAN. 21.

PARIS.—Dispatches received here report a general strike through-
out Austria. Hundreds of thousands have quit work. All war fac-
tories have been closed. The strikers are openly anti-German. The
movement is both political and economic. It is especially aimed at
securing peace. Public demonstrations are being held in many places
and hostility voiced toward Berlin for trying to force Austrians to con-
tinue in the war.

AMSTERDAM.—The Austrian ministry resigned, according to a
Vienna dispatch to the Berliner Morgenpost.

PARIS.—Reports reached here today that Limberg is filling up
with Austrian troops.

BERLIN.—Ostend on the Belgian coast was bombarded by naval
forces. There has been considerable artillery fighting along the west-
ern front, the British fire being especially intense south of Scarpe,
while on the French front there were bursts of activity in the Verdun
sector on both sides of the Rhine and Marne canal.

LONDON.—In a naval action between British and Turkish forces
at the entrance of the Dardanelles the Turkish cruiser Midulla (for-
merly the German Breslau) was sunk and the Sultan Yawaz Selim
(formerly the German Goeben) was beached.

PARIS.—Within four months Brazil will have an army of several
hundred thousand ready to take places in France, and by the end of
the year will have an army of two million. This statement was made
by the Brazilian senator Demello Machado.

PARIS.—Several hundred thousand additional German troops
arrived in Belgium for the western drive according to word received
today from Amsterdam.

SEATTLE.—Entries for the mayoralty race nominated as follows:
Frank Waterhouse, John F. Murphy, James E. Bradford, Ralph A.
Horr, C. J. France, Hanson, Griffith and Gill.

SEATTLE.—Edna Metcalf of San Francisco, aged 17, was ar-
rested here for bigamy. She is charged with marrying three sailors
since August. She came here intending to flee to Alaska with Louis
Link, husband No. 3.

NEW YORK.—Charles Richardson, a mail wagon driver, was
arrested charged with half a million dollars and a large quantity of
jewels being taken from his wagon.

PETROGRAD.—The constituent assembly has been dissolved by
the Bolshevik authorities, it was officially announced today.

PETROGRAD.—Regarding peace negotiations at Brest Litovsk
Czernin is quoted with the declaration that if peace did not result from
the negotiations it would not be "Because of any intentions of
ours in regard to conquest."

WASHINGTON.—Senator Stone today denounced Roosevelt on
the floor of the Senate as "the most potent agent of the kaiser; the
most seditious man of any consequence in America." Continuing he
said: "The heart of this man is aflame with inordinate ambition and
he will be nothing but a trouble maker. He runs amuck. His chief
thought is not to help the government but always of Roosevelt. Al-
most every day this man speaks in bitter disparagement of the Presi-
dent. He is constantly saying and writing things for which humbler
men are being indicted for disloyalty."

System of Education Should Be Revised and School Period Lengthened

By WILLIAM G. WILLCOX, President New York City Board of Education

I AM in favor of a longer school year. In Germany the school year is 225 days, in England 229, and in New York it is 190 to 195. Perhaps also the school day should be lengthened from five to six hours. The vacation is too long.

IF WE ARE TO TRAIN YOUNG PEOPLE FOR THEIR LIFE WORK THEY SHOULD NOT HAVE IT TOO EASY AS TO HOURS WHILE THEY ARE IN SCHOOL.

The suggestion that the whole course of education be revised is a most interesting one. I have felt for a long time that the present system is largely the result of traditions. There have been many additions for new ideas and no subtraction. The curricula are too heavy.

As for the much mooted question of the classics, I hold that it is unfair that the vast majority of the school children should be dominated by the 3 or 5 per cent of the pupils who intend to enter college and therefore demand Latin and Greek largely because the colleges require a knowledge of those subjects for entrance.

The enforced study of the classics should be done away with and a system of elective classics established for the small percentage of pupils who intend to enter college. I do not see that it is necessary to study Greek and Latin to make character. I THINK CHARACTER CAN BEST BE PROVIDED FOR BY GIVING THE BOY AND GIRL AN EQUIPMENT THAT WILL FIT THEM TO BE GOOD CITIZENS.

American Republics Should Form League of Peace to Protect Western Hemisphere

By Justice JOHN FORD, New York Supreme Court

I AM not among those who would recklessly consign to the scrap heap our traditional policy of avoiding entangling alliances with the countries of the other hemisphere, and I desire to be recorded as against the proposal that the United States JOIN WITH THEM IN A LEAGUE TO ENFORCE PEACE.

What we should do is to weld together a league of American republics to conserve pan-American peace and leave Europe to kill its own snakes and skin its own polecats.

Nevertheless we must recognize that we are one of the great nations of the earth, and as such we have a dignified place which must be maintained.

Our commerce, our capital and our people will more and more flow into foreign fields, and to protect and care for future foreign investments requires a state of preparedness for war on land and sea to which we have not yet attained.

To my mind the wise policy would be to adhere to the Monroe doctrine in all its pristine vigor, but so amplified as to win the whole hearted support of all the Americans and a Monroe doctrine that would bind them into a pan-American union for pan-American peace and pan-American protection.

WITH THE TWENTY-ONE AMERICAN REPUBLICS UNITED IN ITS DEFENSE, NO FOREIGN COMBINATION OF POWERS WOULD DARE CHALLENGE IT, AND THE PEACE OF THE WESTERN HEMISPHERE WOULD FOREVER BE ASSURED.

Local and Personal

Judge Wm. G. Thomas will leave next week for a trip to the States.

E. B. Mitchell was initiated into the Moose Friday evening.

Jack Bjorge is now in San Francisco.

Ed Grigwire's dandruff treatment is the best on the market. Try it and be convinced.

A dozen couples of young people enjoyed a social dance at the gymnasium Tuesday evening.

W. J. Neill was a passenger to Juneau on the City of Seattle Friday. He took passage for Seattle on the return trip of the same boat.

Have your watch repaired at George Cowan's, in the Uhler Block.

James H. Wheeler was a south-bound passenger on the City of Seattle Monday. He was en route to the States on a business trip.

Robert Royalty and Mrs. Nora Reed returned to Craig on the Teddy Saturday morning.

F. S. Barnes, A. B. Johnson, C. V. Boone, H. R. Guthrie, were in town this week from Lake Bay.

For the shave and haircut of satisfaction go to Ed Grigwire's shop, opposite drug store.

Waldemar F. Henningsen of Butte, Mont. has been in Wrangell the past few days. Mr. Henningsen is looking into the fish situation in Southeastern Alaska.

George Cassidy and Frank Desale, both well known in Atlin and vicinity, were killed in action recently while fighting with the British armies in France.

A member of the Red Cross will be in the town hall between 3 and 4 o'clock Friday afternoon to receive donations for the work.

On Spruce creek in the Atlin district the temperature was recently 65 degrees below zero which is the coldest weather ever known in that section.

Herbert Cowan, 12 years old, son of Mr. and Mrs. Cowan, of the Rush & Brown mine near Kasaan was drowned a few days ago while duck hunting in a small skiff.

Sunday night Earl West arrested J. Howland and J. F. McMullen. Both men were members of the crew off the Cordova which was then in port. They were fined \$10 and costs which they paid.

Wishing to visit his parents in Wrangell, Oscar Case who is now stationed at Corpus Christi, asked for a furlough the first of the year. He was granted only twelve days. There being no flying machine service between Corpus Christi and Wrangell Oscar decided to spend his furlough in New Orleans. He is now back at Corpus and reports having had an enjoyable time in Creole town.

Wm. H. Lewis, Fred Wigg and Walter Campen were subpoenaed last week to appear in court in Juneau. They left for Juneau on the City of Seattle Friday. None of the men had any idea why they were wanted in court. However, the supposition is that they are wanted as witnesses in cases of illegal fishing which are up for trial.

Following the regular meeting of the Red Cross Tuesday afternoon Mrs. W. H. Warren entertained the ladies at a silver tea at her home. The time was passed most pleasantly. Sandwiches and tea were served. Mrs. Edmunson poured tea. The sum of \$2 60 was realized for the Red Cross.

Jack McCarty took a shot at Roy Sott on a boat last night. This morning both men were arraigned before the U.S. Commissioner. McCarty was charged with discharging firearms indiscriminately and fined \$100. Failing to pay the fine he was committed to jail for 50 days. Roy Sott was charged with having liquor in his possession. He was fined \$180. Failing to pay the fine he was committed to jail for 90 days.

The Wrangell fire department was called out at 5:30 this morning by a fire in the shingle mill. The concrete around the furnace became so hot that one of the timbers on which it was resting caught fire. The fire was discovered by Glenn Diemart who gave the alarm. The fire was soon extinguished. Had the fire started two or three hours earlier there is little doubt but that the mill would have been a total loss.
